About me

I consider myself a proactive person, eager to learn new things and undertake challenging projects. During my career I went through many programming languages and learned many interesting things. I am really passionate about what I do and try to do my best all the time.

Work experience

09.2018 - Present | **SMS Latam - Developer**. Software development. Support and migration of various applications for important government entities using ASP.NET WebForms and MVC technologies, ASMX WebServices with access to DB2 databases.

12.2017 - 08.2018 | **E-Way S.A. - Developer**. Software development. Support and maintenance of old systems with Visual Basic 6.0, ASP 3.0, Javascript and PHP for Web Services, with SQL Server databases.

Developments of more current projects with .NET Framework 4.6 technologies (C#, ASP, MVC, Razor, WebApi 2.0), with Bootstrap and jQuery, SQL Server databases with Entity Framework such as ORM and LinQ (Lambda Expressions).

05.2017 - 09.2018 | **Syntagma S.A. - Developer**. Software Development in ASP.NET technologies (Frameworks 2.0, 3.5, 4.5 and .NET Core), Java, jQuery and Vue.js with Oracle Databases.

11.2017 - 04.2018 | **E-Way S.A. - Developer**. Software development. Support and maintenance of systems with Visual Basic 6.0, ASP 3.0, Javascript and PHP technologies with SQL Server databases.

05.2016 - 09.2017 | **Axxon Consulting S.A. - System Engineer Jr.** Software Development in Microsoft Dynamics AX and POS with X++ and C# .NET technologies with SQL Server databases.

Education

03.2015 – 07.2018 | **I.S.T.E.A. Superior Technician in Software Development.**
Technologies: .NET, JavaScript, jQuery, Android and SQL Server. Graduate,
College. Average Grade: 7.15/10

03.2002 – 11.2006 | **Escuela de comercio N° 20 D.E. Chartered Account,**
Graduate, High School.

Computing knowledge

Office.

- Word, Excel and PowerPoint.

Operative Systems.

- Windows.

Networking.

- Computer Network Technician (Course - 2008 aprox).

Programming Languages.

- Visual Basic 6.0
- ASP 3.0
- .NET Framework 4.0+: C#, ASP.NET, Entity Framework, Identity
- .NET Core 2.2: C#, ASP, WebApi (Self learning).
- Javascript, jQuery.
- Node.js, Frameworks (React, Angular, Vue, Knockout), WebSockets (Self learning)
- Android (Java).

Databases.

- SQL Server.
- Oracle.
- DB2.
- MySQL.
- SQLite.

WebServer.

- Internet Information Services

Source Control

- Git
- SVN
- Team Services

Languages

Spanish

- Native

English

- Conversation: Intermediate.
- Written: Intermediate.
- Reading: Advanced.
